EPIC ROASTHOUSE

(Embarcadero)

\$\$\$-\$\$\$\$

The sister restaurant to Waterbar, Epic Roasthouse is Pat Kuleto's homage to meat. The dining room is outfitted with deep leather banquettes, giving the room a clubby feel. Almost every seat offers spectacular views of the bay. The focus here is on the beef. The usual suspects (filet, prime rib, and porterhouse among them) are joined on the menu by hearty pork chops. Epic also serves one of the more expensive burgers in town—a quarter-pound, ground-daily \$25 version.
